Ready to Drill for Oil in Lee County

Huge bit which will start drilling a hole in 16-inch steel casing on Lee county's latest oil site, three miles southeast of Amboy, showing the machinery which will operate the drill. Shown in the picture from left to right are: Herbert O. Carr of Amboy, trustee in charge of operations for the Lee, Ogle & Bureau Gas & Oil Trust, to whom the drilling permit was issued: Ben Miller, driller, "Buck" Van Natta, Amboy township, helper, and Homer Decker, driller. Below is shown the drill rig.

Open Oil Drilling South of Amboy; to Get Under Way Soon

16-Inch Casings on Old Miller Farm Readied for Opening Work

Oil drilling operations are again underway in Lee county on a tract of several hundred acres located south and east of Amboy in Amboy township. The big drill was in readiness to start biting a hole in the earth on the old Jake Miller farm, which is located about three miles south of Amboy today, starting down in a 16-inch casing.

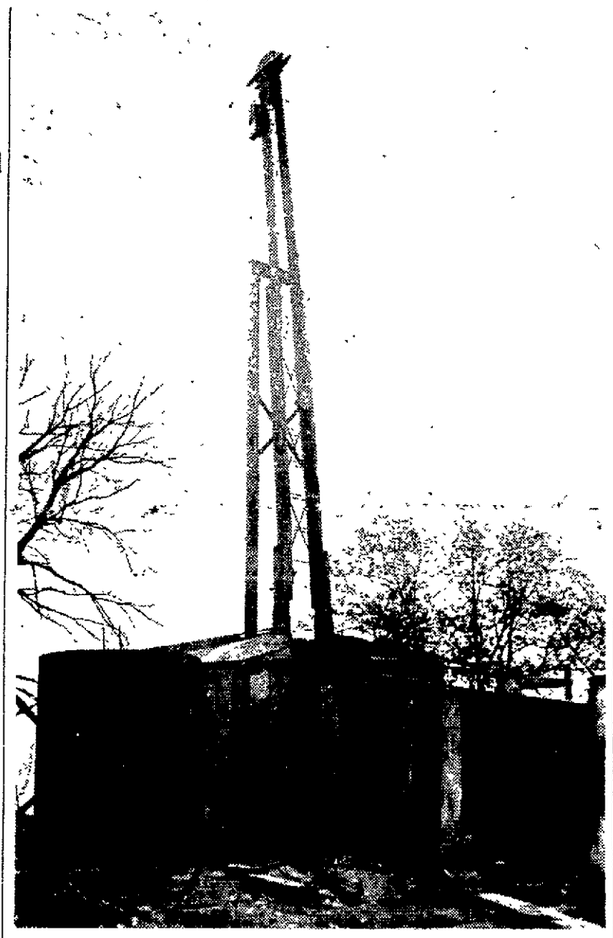

The Lee, Ogle & Bureau Gas & Oil Trust are the operators of the project, with Herbert O. Carr of Amboy, trustee, in charge of operations. The farm on which the hole is to be sunk is owned by R. J. Vedovell of Kenilworth, near Chicago, who controls several farm tracts in that area

Large Drill Set Up

C. L. Farnsworth of Robinson, Ill., is the contractor in charge of the drilling operation and a large drill was hauled to the field together with other equipment which has been set up and is now in readiness to operate. Ben Miller and Homer Decker are the drillers, both having had many years of experience in drilling operations in oil fields. "Buck" Van Natta of Amboy township is assisting the drill crew.

The permit to conduct the drilling operation was issued to Herbert O. Carr of Amboy, and came after an extensive survey had been conducted in several localities in Lee county. The promoters state that several hundred acres of land is under lease on which drilling

Charwoman Leaves Home, Comes Here

San Francisco, Nov. 2—(AP)—Gone are her 20 years of hard-earned savings as a charwoman, but grandmother Agnes Boyd has bought herself a wee slice of Heaven.

She never had been farther from Birkenhead, England, than "a ha' penny bus ride and a tu' penny ferry trip" until she crossed the Atlantic recently on the Queen Elizabeth and came to San Francisco from New York on her first vacation.

"There I was," declared the 63-year-old widow at the home of her sister, Mrs. Elizabeth McDowell of San Francisco. "I was through with the ship and the ship was through with me. Everybody was looking for Molotov (Russian foreign minister Vyacheslav Molotov) and nobody was looking for poor me."

She plodded around for hours until a waitress directed her to Travelers' Aid. A train brought her to San Francisco and—

"Every day green salads and fruit of all kinds and new things I never ate before like stuffed bell peppers and corn on the cob and creamed cheese. . . .

"Here on my own flesh and blood's table everything is finer than in many a fine gentleman's home in England."

It took all her money, "but it's all been more wonderful than I could imagine after the war years in England."

Bomb Test Group to Be Dissolved Soon

Washington, Nov. 2—(AP) — Army-Navy joint task force one, whose 42,000 men conducted the Bikini atom bomb tests, passed into limbo today.

Navy officials said scientific studies of the bomb's effect on war gear and living things will go on for months. But dissolution of the outfit which staged "operation crossroads" seemed to indicate that the United States plans no more experimental blasts with the new weapon in the foreseeable future.

To facilitate study, 11 ships exposed to the two Bikini tests, including the battleship Nevada, will be brought to west coast ports. The remaining target craft will stay at Kwajalein island in the Pacific.

Animals which were aboard the ships already have been brought back for observation at the naval research institute and other laboratories.

At its peak, task force one included more than 200 ships, 150 planes and manpower equivalent to nearly three army divisions. All units and personnel, the navy announced, will return to organizations from which they were drawn.

Scotch Police Hold 3 Sisters for Defrauding

Edinburgh, Nov. 2,(AP)—Three elderly sisters known here for their gentle manners and old-fashioned clothes were held in prison today on six charges of staying at hotels with intent to defraud.

They were Amelia Sangster, 80, and Barbara Sangster, 70, spinsters, and Mrs. Mabel Violet Low, 65. Officials said the three often addressed notes to hotel managers to look for rent payment to the police, against whom the sisters seemed to have a grudge. They were held in the prison infirmary for appearance in court on Nov. 7.

Molotov Asserts U. N. Talk Agrees With Stalin Plan

Soviet Prime Minister Declines to Answer Six AP Queries

(By The Associated Press)

New York, Nov. 2—Vyacheslav M. Molotov, Soviet foreign minister, says the opinion expressed by some Americans that his address to the United Nations assembly disagrees with Prime Minister Stalin's statement on Russian policy "does not correspond to the facts."

In a two-paragraph statement written "for the Associated Press," Molotov said last night that "it is not difficult to see this after careful study of the texts in question."

Furthermore, Molotov declined to answer six detailed questions submitted late Thursday on what some American minds appeared to be disagreements between the two policy statements, one made by Stalin to a newsman in London by cable from Moscow and the other made by Molotov to a closely-listening assembly here at Flushing Meadows.

Molotov said these questions were related to matters before the assembly and its committees and that he and other Soviet representatives would discuss them there.

Typed in Russian

The answer, typewritten in Russian on a sheet of unmarked white paper, and initialed "V. M." in ink, with the date "Nov. 1, 1946," written in, was translated unofficially as follows:

"Your remark that 'there is no complete agreement' between the answers of the head of the Soviet government, J. V. Stalin, Oct. 28, and my speech at the general assembly Oct. 29 does not correspond to the facts. It is not difficult to see this after careful study of the texts in question.

"Regarding the questions which you submitted, they touch those subjects which at the present time are being discussed at the general assembly and its committees, where I myself and other Soviet representatives will have an opportunity to speak about them. This permits me to consider myself free from the necessity to give special answers to these questions at present.

Both Talks Identical?

The first item in the list of Associated Press questions follow:

"1. Premier Stalin said 'a strong international control is needed' for atomic power. The presentation of the Soviet plan in the UN atomic commission has stressed the importance of keeping enforcement of control on a national basis, opposing a system of international inspection, etc. Does the premier's statement mean a change of policy, and is the Soviet ready to accept an in-

Police Hold Man After Series of 6 Apartment Thefts

Police are today holding an unidentified suspect for questioning in a series of apartment robberies here yesterday afternoon in which an undisclosed number of bonds and five pairs of nylon hosiery were taken.

The thief entered the apartments of John Duffy, Mrs. Floyd Eno, Don Hilliker and Ted F. Legner at the Dixon Manor, 122 East Fellows street, and the apartments of A. H Lancaster and H. M. Rasch at the Rasch apartments, 212 Ottawa avenue, yesterday afternoon, and reportedly was seen by two of his victims.

Name Not Revealed

Chief of Police Harry Fischer declined to reveal the name of the man being held for questioning this morning. He said he was waiting for State's Attorney Morey C. Pires to question the man further.

The Manor apartments were entered between 1:30 and 3 p. m., yesterday. Fischer said this morning that the suspect, who has denied his guilt, was arrested for questioning at 5 p. m. last night.

Fischer said the list of missing articles was incomplete as yet. It was reported unofficially, however, that the thief passed by approximately $2,700 in endorsed checks in one apartment and a quantity of valuable silverware.

Entrance to the apartments was gained through rear entrances.

It was reported unofficially this morning that the suspect being held is a 45-year-old ex-convict, who arrived here from Chicago. He reportedly had served a term in the Stillwater, Minn., prison for burglary.

It was further reported that the suspect has been positively identified by one of the robbery victims.

8-Year-Old Girl in First Braced Steps

Chicago, Nov. 2—(AP)—Eight-year-old Shirley Jean Watson, born a paralytic, is learning to walk and she's hopful that in a few months she'll be able to walk down a ship's gang plank in Tokyo when she goes there to see her soldier father.

Shirley, bed-ridden all her life, won new hope through the Milton H. Berry foundation, which furnishes walking aids to crippled children. John Tracy, head of the organization, obtained braces for Shirley.

Yesterday Tracy and Shirley's mother, Mrs. Wesley M. Watson of Hobart, Ind., watched as Shirley took her first four steps.

Mrs. Watson said in two months she and Shirley and her sister, Sandra, 4, will leave for Tokyo, where Shirley wants to surprise her father by walking alone down the gangplank to greet him.

Better Lights for Dixon Streets INU Project Says Dodd

The Illinois Northern Utilities company is installing street lights in Dixon two and a half times more powerful than those previously in use here, O. W. Dodd, district superintendent of the company told the city council last night.

The improved lighting is being provided at no extra charge, he revealed.

"The public, motorists and pedestrians alike, are demanding better street lighting along with other civic improvements, and this is our contribution to making Dixon a better place in which to live," Dodd explained.

Heavily traveled streets and intersections require a higher intensity and better distribution of light, he said. Replacing the 1,000 lumen lamps which have been in use here for several years are new 2,500 lumen lamps.

Dodd also offered to make a survey on the city's other street lighting needs and report his findings to the council.

Other business at the council's weekly meeting included the receipt of a petition requesting a

OPA Struggles for Hold on Rent Lids

Washington, Nov. 2.—(AP)—A determined fight to maintain rent controls was signaled by OPA today with disclosure that the price agency is expanding its rental staff.

Even while knocking off other price lids by the dozens, OPA has recruited 200 new rent employes and expects to hire another 400 this month, an official said.

The field and national force already working exclusively on rental ceilings numbered 6,114 today. Many other OPA workers spend part of their time on enforcement, accounting and administration.

President Truman gave White House backing to the continuation of rental controls indefinitely when he started the recent decontrol wave in other fields by freeing meats and livestock.

Many to Lose Jobs

OPA personnel heads said they will not know before November 15 just how many of the 34,700 OPA employes will be dismissed as a result of the decontrol moves. About 31,000 of these workers hold jobs outside of Washington.

The price agency appeared certain to whittle its force below 25,000 this month. Some 10,000 OPA workers already have 30-day dismissal notices as a result of an order closing out all local price control boards next Tuesday.

Still to be determined is the status of another 3,500 who have been controlling food and meat prices, as well as jobs involved in the decontrol of shoes, leather, hides and a long list of minor items this week.

Hunters Find Baby's Body Near Sterling

(Telegraph Special Service)

Sterling, Nov. 2.—A group of hunters who started walking west along the banks of the Hennepin canal about 350 yards west of state route 88, south of Rock Falls today, discovered the unclad body of a newborn male baby lying in the pathway along the canal. The discovery was made about 10 o'clock this morning by Robert Plum of Rock Falls, one of the hunters.

The state police headquarters east of Sterling was notified and Officer John Woods was assigned to investigate. He ordered the body removed to the Wheelock funeral home at Rock Falls, where it is being held while a further investigation is being conducted and an inquest will be held later. The body was believed to have been carried from the highway to the point where it was deposited some time during the night, it was reported.

Help Make America Free

Mr. and Mrs. Voter, you have an opportunity to strike a blow for freedom next Tuesday and you can do it if you will go to the polls and put a cross in the circle at the top of the Republican column on the big ballot they will hand you. That is all you need to do to vote a straight Republican ticket.

The Republican ticket this year is especially strong and especially important to the welfare of our nation and ourselves. We have a splendid state and county ticket and the candidates for congress merit our confidence and our enthusiastic support.

Leo E. Allen of Galena, congressman from this district is a power for good in Republican circles in Washington and one of the greatest troubles in our government is that we do not have enough members of congress like him. Be sure he gets your vote.

William G. Stratton, candidate for congressman at large, is the important spot on the state ticket and he is the man the New Deal is making every effort to defeat, because they know that Bill Stratton, when he gets to Washington, will be opposed to the screw-ball type of legislation that the New Deal likes to experiment with. By all means get to the polls on Tuesday and cast your ballot for William G. Stratton for Representative in Congress, State at Large. His opponent, Emily Taft Douglas, is an arch New Dealer and has made a reputation for voting blindly New Deal and with a leftish tinge. She is endorsed by the PAC which Moscow takes such an interest in that the Russian radio urges American voters to support the PAC endorsed candidates.

We would think that Mrs. Douglas or any candidate would prefer that Moscow would keep such endearments on the hush-hush side. American voters are not likely to follow the dictates of the Kremlin. Anyhow, when they do this won't be a very nice country to live in any more.

The Evening Telegraph endorses the entire Republican ticket, state, legislative and county and urges the voting of straight Republican ballots.

We also endorse the special questions on the establishment of a Lee County Health Department and on the Service Recognition ballot (soldier's bonus) and urge all voters to vote "YES" on these two questions. There are on separate ballots.

Our America right now is debt-ridden, control-ridden and is in a desperate state due to the mismanagement of the Democratic administration. The Democrats themselves know it and many of them will help the Republicans rid the nation of such stupid rule by voting Republican. To free ourselves of the blundering, confused and idiotic type of leadership we now have at the nation's capitol we can only hope this year to have a Republican congress coming in to call a halt on Democratic mismanagement. So, you can strike a blow for freedom with your vote on Tuesday, if you vote Republican?

Two Proposals for Anti-Spain Action Face UN Committee

Soviet, American Plans Also on Agenda for Early Discussion

Lake Success, N. Y., Nov. 2—(AP)—With two specific proposals of concerted action against Spain added to the business before it for consideration, the United Nations political committee meets today (10 a. m. CST) to start work on the crowded agenda of the United Nations assembly.

Even before the Polish delegation's leader, Wincenty Rzymowski, filed the resolutions demanding the United Nations break diplomatic relations with Spain and that Generalissimo Francisco Franco's government be barred from connection with any U. N. organization, the committee had before it such major items as the Soviet union's arms limitation proposal and the United States' counter plan.

Must Assign Items

It is the job of the committee, under the chairmanship of Dmitri Z. Manuilsky, Soviet Ukranian foreign minister, to determine the urgency of these items and assign them priority on the general assembly agenda.

The question of Franco Spain had been put before the committee in the decision of the assembly to include it for discussion, but the Polish resolutions were the first concrete proposals for action which might be taken against the Franco regime.

Actually, until the security council, which failed to act on a previous Polish proposal for a break in diplomatic relations with Spain, drops the Spanish question from its agenda the assembly may make no recommendations. However, the council is expected to drop the issue from its schedule when it meets Monday, opening the way for the assembly to receive a report on the Polish resolutions from the political committee, discuss them and recommend possible action.

It is possible that the political committee may turn first to the Russian and American disarmament proposals, since the two nations appear agreed on pressing the matter.

Other Committees Meet

Other committees meeting today are the administrative and budgetary, which yesterday heard Sen. Arthur Vandenberg's statement that the United States was unwilling to continue paying half the U. N. administrative costs, and the social, humanitarian and cultural affairs, whose major problem is

Maritime Heads to Help Labor Chiefs End Four Walkouts

Washington, Nov. 2.—(AP)—The labor department and maritime commission spearheaded a government drive today to end quickly four of the nation's most bothersome strikes.

They are the month-old Pacific coast maritime and stevedore disputes, a two-month walkout of sugar workers in Hawaii, and the six-month deadlock at the West Allis, Wis., tractor plant of the Allis-Chalmers Manufacturing Co.

These were the moves made by the two agencies:

1. The Maritime Commission authorized its west coast agents to place into effect on government Pacific ocean ships the terms of the recent east and gulf coast maritime strike settlement.

2. The labor department assigned Nathan P. Feinsinger, University of Wisconsin law professor, who doubles as an ace government mediator, to work on the Pacific maritime and dock worker disputes, as well as the Hawaiian sugar stoppage.

Send Negotiators, Plea

3. Labor Secretary Schwellenbach asked the Allis-Chalmers company and the striking CIO auto workers to send negotiators to a bargaining session here Monday.

Only 11,000 workers are involved at Allis-Chalmers but it has been one of the more worrisome reconversion period strikes because of the big farm demand for new equipment.

The maritime commission action in the west coast shipping tieup, announced last night, was expected by commission officials to be carried out by its general agents. This would free about half the merchant marine vessels now idle in Pacific ports.

The stevedore strike of the CIO Longshoremen's union probably would prevent these vessels from being loaded or unloaded for the

German Child Hangs Playing "Trial" Game

Hamburg, Germany, Nov. 2.—(AP)—The News Guardian, a British army newspaper, said today that a German child was hanged accidentally while a group of children was playing "Nuernberg trials" in Kiel.

The game ended in the pronouncement of the death sentence and hanging for the child, who was strung up to a lampost by his playmates. The child's mother arrived on the scene and cut him down, but his neck was broken, according to evidence produced at the inquest, the paper said.

Many Miners Walk Off Jobs in Series of Wildcat Strikes

Walkouts Shut 42 Mines In East and South; More Are Feared

Washington, Nov. 2—(AP) —A coal industry official expressed apprehension today that the United Mine Workers may needle the government with a series of "unauthorized strikes" while John L. Lewis bargains for higher pay.

With the Lewis-government negotiations in recess until Monday, walkouts already have closed 42 mines employing 5,700 men in West Virginia, Kentucky and Tennessee.

The Solid Fuels Administration, which operates the mines, blamed the situation on failure of the workers to understand that their contract with the government is still in force. The SFA said union leaders are trying to get the men back into the pits by Monday.

But John D. Battle, executive secretary of the National Coal Association, told a reporter:

"There is great fear in the industry that this is not just a misunderstanding."

He said an epidemic of such stoppages at the mines could block industry attempts to build up coal reserves, thus strengthening Lewis' hand at the bargaining table.

Lewis has said the contract is good until Nov. 20, under his procedure for terminating the agreement. A general strike then would be possible, since the miners traditionally don't work without a contract.

Representatives of Lewis and the government took a weekend breathing spell after their first sparring yesterday, which a federal official said left the situation in "delicate shape."

It was understood that:

(1) The UMW men, headed by Vice-President John O'Leary, presented figures to support their anticipated demand for a shorter work week without loss in take-home pay.

(2) Government negotiators, headed by Navy Capt. N. H. Collisson, coal mines administrator, just sat and listened.

(3) The showdown on whether terms of the contract permit the miners to reopen it was delayed.

These were the gist of reports leaking out from behind the heavy swinging doors of the Interior department's soundproof conference room.

Collisson had agreed to listen to Lewis' grievances without committing himself to the contract reopening.

He and his chief, Secretary of Interior Krug, say the present agreement is good for the entire period of government possession of the mines. The coal mine owners expressed a similar view.

But Lewis and some government attorneys outside the Interior department say it can be reopened.

The miners now earn a maximum of $75.25 in a 54-hour week. The basic work week is 35 hours, beyond which they receive time and one-half.

British Newspaper Man "Bares" Bomb

London, Nov. 2—(AP) — The Daily Express weapons expert, Chapman Pincher, says the United States has probably 96 atom bombs in its munitions stockpile, each 25 feet long, torpedo-shaped, powered with 100 pounds of plutonium in two lumps, and weighing about 9,000 pounds.

The article, which appeared yesterday under a banner head "Atom Bomb Secret Out," gave no source for its information. Pincher based his figures of 96 bombs on an assumed output of six bombs per month since the time of the Nagasaki bombing.

Estimating that there were eight bombs in stock at the time Nagasaki was hit, minus two used in the Bikini experiments and assuming that the rate of production of six per month had not changed, Pincher arrived at his figure of 96.

The writer said the missile was detonated by an apparatus which fires one lump of plutonium at one end of the gun tube to the other lump at the opposite end. This, he said, necessitated the unusual length of the bomb—25 feet.

The article said the massive casing and protective lead covering for the gun tube comprised a large percentage of the bomb's 9,000 pound weight.

In Washington, Maj. Gen. Leslie R. Groves, head of the Manhattan project which manufactured atom bombs during the war, said that under U. S. war department policy, he could neither "confirm nor deny" any of the details of Pincher's article, but commented that it was a "very interesting story."

ANNUAL LIONS CLUB HALLOWE'EN FROLIC IS HUGE SUCCESS

Richard Sarver (left) gazes meditatively at three "lions" at the high school athletic field after the fourth annual Hallowe'en parade Thursday night, sponsored by the Dixon Lions club. The "lions" are George Lindquist, Elwin Wadsworth and Nathan Kaiserman. More than 400 participated in the big parade. Grade and high school students were entertained at the athletic field and in the gymnasium after the parade.

The ghost, Lions Club President, Edwin W. Merrick is shown introducing (above) at the program following the parade is Peter Christiansen. The parade started at Peoria avenue, moved east on First street to Galena avenue, north to Boyd street, then west to the high school.

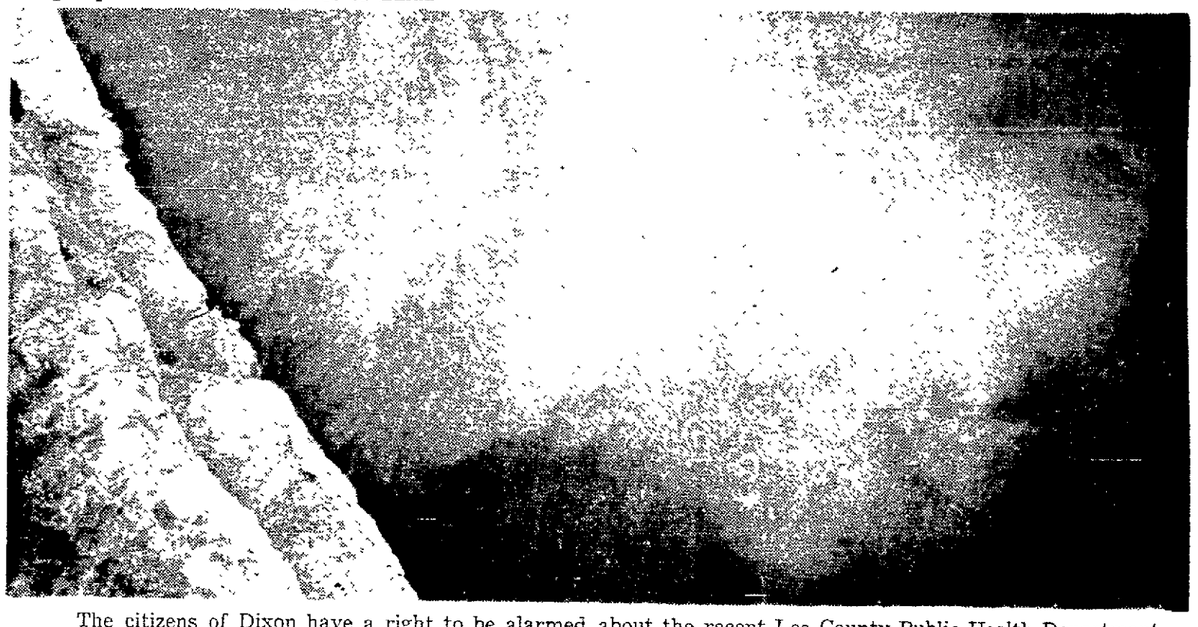

Among the entrants in the parade were Jacqueline Ruppert and Patricia Ann Pettinger (at left above) and Barbara Heatherington and Joan Metzen (right), who came dressed as a debonair young couple. More than 350 school children participated in the festivities.

The programs provided for the children after the parade were entertaining, as evidenced by the expressions on the faces of this foursome, caught by The Telegraph camera as they watched the program. From left to right, they are: Charles Drainer, Charles Campbell, Maxine Schumacker and Janet Taylor.

In keeping with Hallowe'en tradition, witches, scarecrows, and pumpkin heads were in evidence during the evening. Charles Sklavanitis (left above), shown watching the program from the athletic field stands, came garbed as a scarecrow. The pumpkin heads hid the faces of Linda Trautwein and Martha Lindquist. Robert Jones and Mary Ann Slonsky are shown enjoying refreshments provided for the children during the evening.

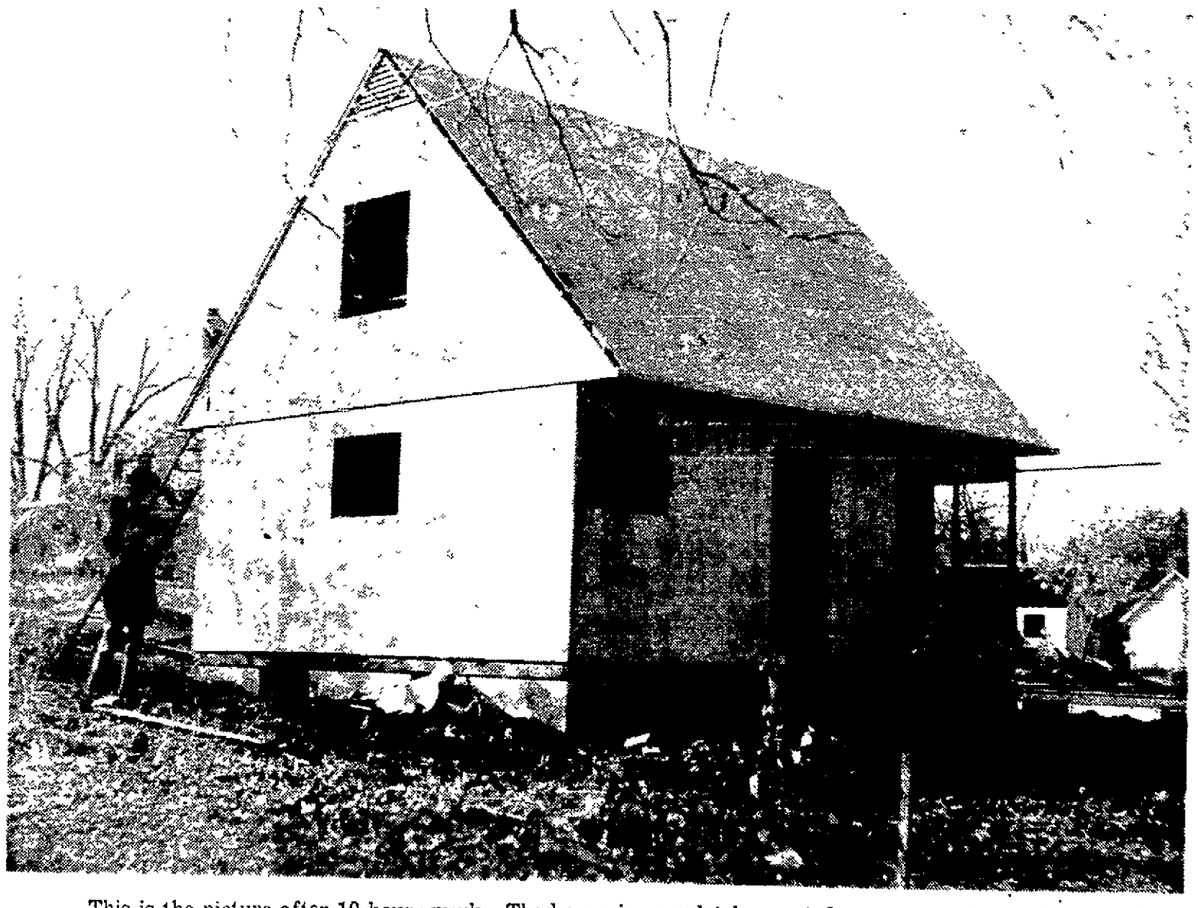

The citizens of Dixon have a right to be alarmed about the recent Lee County Public Health Department report which revealed pollution of Rock River from open sewers. The picture above was taken one Monday morning at 11 o'clock at the foot of North Ottawa avenue and shows laundry water and household debris discoloring the river.

Active in promoting the establishment of a Lee County Public Health Department are the above members of the Lee County Public Health Council, who were photographed at a recent meeting in Chicago. Front row, left to right are: Miss Barbara M. Herlin, Amboy; Mrs. Pearl Dietrich, Dixon; Mrs. Edna Swarts, Palmyra Township; Mrs. Della Butterbaugh, Palmyra Township; back row: J. E. Mau, chairman Public Health Committee Board of Supervisors; Charles Yale, chairman Education Lee County Public Health Council, Mrs. Luella Durin, Steward; A. C. Higby, president of Lee County Public Health Council.

This was the scene Thursday morning, October 24, as workmen started work on the first of five new four-room pre-fabricated houses being built here under the Lee County Housing Authority. This is one of three new houses being built at Pine and Walnut streets. The homes will be offered for sale to veterans only, but if not taken after 30 days they will be offered to the general public.

This is the picture after 10 hours work. The house is completely erected now, ready for workmen to begin installation of plumbing and heating facilities, which, it is estimated will take a week a complete. The construction supervisor said the remaining four homes would go up more quickly now that the crew is trained. Each house has two bedrooms, bath, kitchen, dinette and living room. Each has an all-concrete basement.

Mary Stiger, Jack Dailey United in Mt. Morris Sunday

(Telegraph Special Service)

Mt. Morris, Nov. 2.—In a beautiful double ring ceremony at the Christian church, Sunday, Oct. 27, at 2:30 p. m., Miss Mary Stiger, daughter of Mr. and Mrs. W. B. Stiger of Mt. Morris and Jack Dailey, son of Mr. and Mrs. Merrit Dailey of Chana, were united in marriage. Rev. Everett Munson, minister of the church, performed the ceremony at the altar decorated with standards of white chrysanthemums, palms and four seven-branch candelabra.

The bride, who was given in marriage by her father, wore a white satin gown with a long train. The gown was fashioned with a marquisette yoke and leg-o'-mutton sleeves ending in points over the wrist. She wore a double finger tip veil which fell from a tiara of orange blossoms and pearls and carried a bouquet of white roses and gardenias. A gold locket set with a solitaire diamond was a gift of the groom. Miss Edna Messer, cousin of the bride, was maid of honor and wore a blue marquisette gown designed with a high neckline and long full sleeves with matching veil. Her arm bouquet consisted of yellow chrysanthemums. Her gift from the bridegroom were gold earrings with amber settings. Russell Reed of Chana, a close friend of the groom, was best man.

The bride's mother wore a black silk crepe dress trimmed with silver stars and black accessories. Mrs. Dailey also wore black silk crepe with a marquisette yoke and black accessories. Both wore corsages of white gardenias. Mrs. K. E. Munson, soloist, accompanied by Louise Hudson, organist, furnished nuptial music. Dave Messer, cousin of the bride and Hubert Dailey, brother of the groom, were ushers. Each wore identical boutonnieres of white carnations. Immediately following the ceremony, a reception was held in the church parlors for about 125 guests. At the reception table, the centerpiece was beautifully decorated with a three-tiered wedding cake topped with a miniature bride and groom. Pink and white handles were also used. Serving were Mrs. Charles Ayres, Mrs. Dave Messer, Miss Lois Corbett, Miss Helen Blecker, Miss Dorothy Spiker, and Mrs. Vernie Mae Ball. Mrs. Ruby Byrd and Mrs. Frank Graff, Jr. took care of the bride's book and gift table. The bride opened gifts after the reception.

When the newlyweds left on their wedding trip, their destination being Vassar, Mich., home of the bride's sister, the bride was wearing a fuschia colored suit with black accessories and a corsage of white gardenias. On their return they will be at home with the bride's parents, Mr. and Mrs. W. B. Stiger.

LEGION HALLOWE'EN PARTY HELD THURSDAY EVENING

Members of Dixon post No. 12, American Legion and Auxiliary were host and hostess to a delightful Hallowe'en party at the Legion hall Thursday evening, the first of a series of social events, which was attended by about 150 couples. The grand march which opened the evening's entertainment program was led by President Lucille Gorham and Commander Walter C. Knack. The committee distributed Hallowe'en favors and refreshments were served by the ladies of the committee. The event proved a huge success and the committee in charge is to be commended for its efforts. The next party will be held in the near future.

ENTERTAIN CHILDREN AT HALLOWE'EN PARTY THURS.

Several mothers of the South Central morning kindergarten entained their children with a Hallowe'en party Thursday morning. The children received orange and black paper hats, and the tables were decorated with jack-o-lanterns. Ice cream and cookies were served as refreshments.

The mothers were Mrs. George Holland, Mrs. William Hoyle, Mrs. Arnold LaCour, Mrs. John Tavener, Mrs. Charles Sodergren, Mrs. Robert Quaco, Mrs. Harold Seagren and Mrs. L. E. Vorhis.

HALLOWE'EN PARTY THURS., COLONIAL INN

A group of 50 friends gathered at the Colonial Inn in Grand Detour on Hallowe'en evening to attend a masked ball. Subdued lighting enhanced the enjoyment of the evening, and most unique costumes moved about the dance floor, among which were the first prize for men and also ladies, Utley Noble and Mrs. Ivan Bovey respectively.

A fortune telling booth in the spirit of Bagdad was one attraction of the evening, with Mrs. Ella Davis as Madame Zuzu. Old fashioned-games were thoroughly enjoyed and a buffet supper was served at midnight.

Luminarios welcomed the guests and led them back to their cars. Out-of-town guests included Mr. and Mrs. Robert Bolender, Mr. and Mrs. Ralph Cox, Mr. and Mrs. John Highland, Mr. and Mrs. Vernon Shindle, Mr. and Mrs. Utley Noble, Miss Janie McCoy, Mrs. Viola Crawford, Mr. and Mrs. McDonald of the Nachusa hotel, Mr. and Mrs. Bob Sworm, Mr. and Mrs. Frank Frey and Reed Frey.

MONMOUTH TEACHER TO TALK IN DIXON

Dr. Eugene B. Vest, professor of English at Monmouth college, will be the guest speaker at Wa-Tan-Ye club, Nov. 13, 1946, at 8 o'clock at the Dixon high school auditorium. His subject will be "Adventures along the Stilwell Road," based on his experience while a captain in a special service unit, in which he served 29 months.

He returned to the United States last February and has been widely sought as a speaker by many organizations and clubs in Illinois. He has traveled extensively in Europe and other countries.

Graduated from Dixon high school, he holds a M. A. from Northwestern University and a Ph.D. from Harvard.

This is a return engagement for the Wa-Tan-Ye as Dr. Vest spoke at the national convention held last spring in Dixon.

ST. JAMES AID

St. James Aid society will meet at the home of Mrs. Charles Shippert on Wednesday, Nov. 6. There will be a scramble dinner at noon and an auction of fancy work will be held in the afternoon.

Arlene Bend Weds Stanley Beane in Davenport, Thurs.

Miss Arlene Bend, 125 West Sixteenth street, Davenport, daughter of Dr. S. Chandler Bend of Dixon, and Dr. Bernice Bend of Cincinnati, O., was married to Stanley L. Beane, son of Mrs. Francis Beane, 1821 Sixth avenue, Moline, at 4 Thursday in St. John's Methodist church in Davenport with the Rev. J. R. Uhlinger officiating. Chrysanthemums and candles decorated the altar. Mrs. Ben Evans was at the organ and Miss Lois Mary Greenwood of Dixon, sang.

Mrs. William Stauffer of Rochelle, Ill., cousin of the bride, was matron of honor and Miss Lola Daub of Rockford, another cousin, was bridesmaid. Floyd Curry of Moline served as best man and ushers were Thomas Cherrington and Paul Miller, both of Moline.

The bride was given in marriage by her father.

She wore a white satin gown having a sweetheart neckline, leg o'mutton sleeves, a fitted bodice and full skirt which extended into a train.

The bride wore a fingertip veil of tulle, held by a coronet of seed pearls. The attendants were in blue gowns with taffeta bodices and net skirts. They carried pink roses and wore matching tiaras in their hair.

The reception was held in the church parlors.

The couple left later for a wedding trip, the bride wearing a gray suit with snakeskin accessories.

Mrs. Beane was graduated from Rochelle high school and Mr. Beane from Moline high school. Both are attending the Palmer School of Chiropractic where they will complete their studies in January. Mr. Beane served in the army for two years.

Non-Target Ships Not Classed as Dangerous

San Francisco, Nov. 2.—Non-target ships which took part in the atom bomb tests at Bikini have become safe enough from radioactivity for shipyard workmen to discard many precautionary work routines, navy headquarters here has announced.

Complete changing of clothes, scrubbing in showers after work and lunchtime washing have been eliminated.

All personnel still wear gloves, safety hats and heavy shoes, said Capt. Philip Lemler, acting commander of the San Francisco naval shipyard.

Expensive cattle, horses, or other animals sometimes are X-rayed like humans to diagnose diseases or to discover incipient causes of lameness.

Wyatt, RFC Fight Over Money, Space for Motor Plants

Washington, Nov. 2—(AP)—A five-sided battle over money and factory space to prefabricate dwellings boiled over today into a clash of wills between Housing Administrator Wilson Wyatt and the Recontruction Finance corporation.

Wyatt agreed to talk over further "in the next few days" RFC's refusal to grant some of the $54,000,000 in loans which the housing administrator recommended for 11 prefabricators.

But other officials said he already has told the RFC directors that if necessary he will force the loans under powers granted him by the emergency housing act.

Thus what started out as a scramble for one surplus government factory erupted into a free-for-all mainly involving, so far, the National Housing administration, the War Assets corporation, the RFC and two private companies—the Tucker and Lustron corporations of Chicago.

Order of Developments

Thus was the sequence of events:

1. WAA leased the government-owned Chrysler-Dodge plant in Chicago to Tucker corporation, which wants to make automobiles there.

2. Wyatt directed WAA to withdraw from this agreement and turn factory over to the Lustron corporation, which has blueprinted a housing assembly line for the site.

3. The RFC denied the Wyatt-recommended $32,000,000 credit with Lustron neded for capital. It also approved only one of 10 smaller loans recommended for other prefabricators.

4. Wyatt went to the mat with RFC directors late yesterday, then issued a statement saying "the matter of directives was discussed . . . as well as loans. Other discussions will be held in the next few days."

5. Preston Tucker, president of the Tucker corporation, said his lawyers will go to court not later than Monday for an injunction to kep the government from turning the plant over to Lustron.

The big stake seemed to be Wyatt's whole program of developing mass production of houses built from steel and aluminum. Most of the companies who want to get into the business have said they need government financial aid.

SUMMARY

Score by quarters—

Dixon	0	0	6	0—6
DeKalb	0	0	0	13—13

Touchdowns—Schultz, McKinzie, Struthers.

Points after touchdown—Crisler (placekick).

Substitutions—DeKalb: Barr, Weiherman, McKinzie, Peterson, Struthers. Dixon: Kelley, Vaive, Nusbaum, Fuller, Thoms, Lehman, Moeller, Swegle.

Officials—Pierce of Batavia, Powers of Mt. Morris and Colin of Wheaton.

They put the Dukes to rest last night at the local athletic field in as nice an interment ceremony as you'll ever want to see.

Some folks believed Dixon had a grid team. Ask anyone today. Perhaps it was just as well the contest was run off before the year's smallest crowd—it was a wee mite less ainful that way.

The above paragraphs lead up to the fact that DeKalb, fielding one of the smallest clubs ever seen in the loop, a team that had managed to score only two touchdowns all season, a team that hadn't won a game, came up with two last period tallies to hammer the last nail in Dixon's coffin, 13-6.

Off last week's effort against Sterling the Dukes were rated slight favorites in the basement brawl. But you can't win playing half-heartedly, as the boys have learned before. The lesson was emphasized again last evening.

Some Beyond Reproach

It's true some of the lads gave out with everything. They deserve all credit. On the other hand, it was apparent most of the team either didn't know what it was all about or didn't want to know.

Looking back on the fiasco, here are some of the high spots:

In the first quarter Sam Wells galloped through center on a quick opener and raced 60 yards before Lloyd Wisdom pulled him down from behind on the Barb 30.

The Dukes got to the 23 but the attack wheezed and stalled, DeKalb taking over. Soon after, the period ended.

The second canto was all DeKalb. On one series of plays the Orange and Black rolled to Dixon's five. A goal line stand stymied the bid, however.

Field Goal Fails

Near the end of the stanza, Lloyd and Lyle Wisdom together with Bill Fuller, powered DeKalb to the Purple 18 stripe. "Duke" Crisler attempted a field goal but the ball sailed low and far to the right. And the intermission began with a 0-0 ball game.

Dixon lost no time after play resumed. Mike McDonald kicked off into the end zone, DeKalb taking over on the 20. After three runs failed, Lloyd Wisdom punted to Jack Shultz on the Duke 43. The teams exchanged

STATISTICS

First downs—DeKalb 11; Dixon 6.
Yards gained rushing—DeKalb 135; Dixon 177.
Yards lost rushing—DeKalb 21; Dixon 17.
Net yards gained rushing—DeKalb 114; Dixon 160.
Yards gained passing—DeKalb 62; Dixon 35.
Yards gained by penalties—DeKalb 80; Dixon 15.
Net yards gained—DeKalb 256; Dixon 240.
Passes attempted—DeKalb 16; Dixon 6.
Passes completed—DeKalb 3; Dixon 1.
Penalties—DeKalb 3 for 45 yards; Dixon 6 for 80 yards.

15 yard penalties and Don Thoms, competing with a face guard to protect a broken nose, broke loose for 20 yards and a first down on DeKalb's 19.

Thoms' eight yard gain picked up another first and ten on the Barb 8. Erv Parkes and Schultz advanced to the three. But Dave Stienstrom stopped Thoms shy of the goal line on fourth down.

Here Lady Luck beamed on Dixon as Lloyd Wisdom's kick flew out of bounds on his 11.

Schultz Scores

It took 'em the maximum four tries to go over, Schultz cracking right guard from three yards out for the clincher. Delbert Mack blocked Schultz's conversion try.

Well, the Dukes had a lead. There was only another quarter to finish. Enter the gravediggers.

The fatal fourth had hardly begun when Thoms fumbled on his 32. Swanstrom recovered and the beginning of the end was near.

Peterson and Fuller couldn't connect on aerials. Then Fuller chucked an angle toss to Jimmie McKinzie, newly promoted from the Frosh-Sophs, on the left side of the field. McKinzie waltzed over. Crisler booted the extra point and suddenly the Barbs were winning a ball game, 7-6.

Just to make it emphatic they added another TD with about a minute and a half to go. Schultz set it up by kicking on fourth down at a time when the locals needed a score to pull it out.

DeKalb started near midfield, slowly working inside Dixon's ten. McKinzie knocked off six before Burt Struthers rammed for three and the final yard. The conversion was smothered but it didn't make a great deal of difference.

The Dukes had blown another one.

Their 1946 record with one game remaining: a single victory, seven defeats.

Frank Leahy, Irish head man, plots new scoring plays to spring against Navy at Baltimore this afternoon.

Bowling Bits

By "FRIDAY"

The first inter-city match is coming up, a week from next Monday night, Nov. 11, when Ken Detweiler will take 20 Dixon keglers to Polo to roll a like number of Al Wolfe's Golden Bowl bowlers. Any one desiring to go turn your name in to Ken at the Recreation. These matches are scored on a point basis with one point for each game won and a point for beating your opponent in total pins. As each bowler is paired with a man of comparative average the low average kegler is just as welcome as the higher ones, so try to make your plans for that night for the trip to the Marco City.

* * *

The ten high average keglers in last night's two leagues at the Recreation, were omitted yesterday, and we'll run them today, to complete the Doghouse for the week:

In the Major league our old friend, Hank Chamness, will be shaking his head over the weekend after learning he made the Doghouse, with not too bad a score of 145 and 517, the other nine keglers being slightly inflated last night. In the K. of C. loop Ray Prindaville probably won't be surprised to find himself there after turning in 113 and 386, after a tremendous effort.

Bobtales

By BOB FALLSTROM

POST-MORTEM—Some time ago this department sounded off on the failures of the Duke grid team.

At that time the locals had dropped three games in a row after annihilating DePue in the home opener.

Now they claim a record of seven straight reverses. The club forged that seventh link last evening by actually handing a victory to DeKalb.

On paper and on the field the Barbs should have been no match for the Purple. Coach Van Howe's eleven is one of the puniest to be seen here in many years. Its forward wall averages around 150 pounds and includes a pair of 140 pound guards.

The backs are also on the light side. Furthermore, the outfit hadn't succeeded in winning up until last night. In fact DeKalb's offense was so badly off key that only TWO touchdowns had been garnered all season, both from weak Geneseo.

This was the club Dixon faced. The locals seemed a logical favorite, based on an improved showing against Sterling and a feeling that here at last was the elusive second victory.

At the end of three quarters Dixon held a 6-0 lead. They hadn't looked impressive but they were out in front. The club seemed to have suffered a letdown prior to the game. Fire and dash were missing. Against a strong team the Dukes would have been badly beaten at this stage. But they were winning.

And what happens? DeKalb is handed a pair of tallies and the Dukes are sunk again.

Why? Well, to go into details would consume half tonight's edition. Innumerable mistakes pitted Dixon's game. The selection of plays misfired completely. Ignorance of basic situations hurt. The spirit, rekindled so well against Sterling, was absent. Some of the boys seemed to be just going through the motions.

It all adds up to one big answer. Dixon doesn't have the material necessary to win.

Physically, they're one of the best outfits in the NCIC. Mentally—a different story. It undoubtedly is one of the most amazing groups in DHS history. Many of the boys like to win. Others would like to win—if it didn't take so much work.

The Dukes seem to be obsessed with the idea that a half-hearted, loafing demonstration will get by. It will get by but certainly won't add victories.

Cliques have developed among the boys. Perhaps lacking an outstanding leader, the bunch has split several ways. Each group plays against the others, destroying any semblance of concerted teamwork.

Morale is non-existent. And no matter what device is used as a prop to snap the spell the mistakes continue.

One solution would be to can the entire list of offenders. But why bring up the reserves, who may be useful next year, and submit them to the ugly situation? The season is a flop. It is destined to remain a flop.

If nothing else can be accomplished in the final with Mendota next Friday night, we'd like to see the locals shake their silly notions and play football for a change.

The fans, the boys, the city of Dixon are all suffering for this year's terrible performances. Get wise to things fellows. You have the best support afforded a Dixon team in many years. Don't continue to let yourselves and the fans down for a lot of unwise acts.

GAME SIDELIGHTS—The improved p. a. system, which includes 325 feet of mike cable is the work of Ed Holbrook, proprietor of the popular Dome skating rink. Ed loans and installs the $400 outfit for football games in conjunction with the Junior Chamber of Commerce and will also rig it up in the gym for this winter's basktball card. L. G. Rorer furnishes upkeep costs . . . Tackle J. D. Barton sustained a broken hand in the varsity tilt. Gerry Wakely was a casualty in the prelim when his leg was fractured late in the game . . . Assistant Coach Lee Davison displayed a bright red tie, red socks and cut-away grid shoes but the luck charms turned sour . . . Frosh-Soph Pilot Wally Coon's Mrs is expecting any minute now . . . The stands were sparsely settled. Bad weather helped hold down the gate.

Ottawa Upsets Hall 7-0

Touchdown—Suehr.
Point after touchdown—Knutson.

Ottawa's Pirates pulled the stunner of the season last night at Spring Valley, knocking off Hall Township's erstwhile undefeated and unscored upon club, 7-0.

The surprising triumph placed Ottawa alone on the top rung of the North Central Illinois conference. All the Bucs must do to clinch the crown is beat Geneseo, 19-12 winners over Princeton last evening, next Friday. Rock Falls' threat went by the boards as the Rockets suffered a 20-6 reversal at Mendota.

Ottawa scored within the first two minutes. Johnny Suehr, year-long star of the Buc offense, drifted behind Hall's defenders and snagged a 40-yard toss from Fullback Bill Schwarzbach. He skipped over from the four to tally the first touchdown of the year against the Redmen.

Knudson's Kick Perfect

Dave Knudson booted the extra point, his 16th success in 19 tries thus far.

From that point on Ottawa went on the defense. Jim Cinotto desperately attempted to engineer a score tying play but Ottawa's forward wall held repeatedly when in danger.

The Bucs were so tough up front they stopped eight Hall drives within the 15 yard line, making bitter goal line stands on several occasions.

Cinotto clicked on five of 12 aerials for 88 yards. The Redmen ground out 153 yards on the ground. But to no avail. Ottawa chalked up 100 yards by rushing and 67 on passes.

The victory was Ottawa's fifth in a row, following defeats by LaSalle-Peru of the Big Eight and Streator of the Big Twelve.

Hall previously had copped all its six contests, marking up 156 points while holding the opposition scoreless.

UCLA In Romp Over St. Mary's

Los Angeles, Nov. 2—(AP)—The University of California at Los Angeles Bruins remained one of the nation's top undefeated major college teams today after humiliating St. Mary's Gaels, 46 to 20, before the largest grid crowd of the 1946 season last night.

A roaring turnout of 92,976 watched the would-be Rose Bowl UClans, led by All-America candidates Left End Burr Boldwin and T-Quarterback Ernie Case, roll up a 19-7 lead in the first quarter and swell it to 40-7 at the end of the third, crushing whatever hope the Gaels had of pulling an upset.

Coach Bert LaBrucherie used 51 players and it was against his secondary forces that St. Mary's rallied to score twice in the final period.

Baldwin scored three touchdowns one on a pass from sharpshooter Case good for 49 yards, another on a pogo-pass from Case good for 22 yards.

Squirmin' Herman Wedemeyer, the Gaels' All-America from last year, fired two scoring passes to End Henry Vangieson, one good for 48 yards, the other for 25, and cut loose for a 92 yard runback of a kickoff across the Bruin goal, only to have the play nullified by a Bruin offside on the play.

GIs TO HEAR REMAINING WEST POINT CONTESTS

Hollywood, Nov. 2.—(AP)—Starting with today's West Virginia game, Army will have one of the biggest rooting sections of all time.

The Armed Forces Radio Services here announced the five 100,000-watt transmitters near San Francisco will be pressed into service to short wave all remaining Army football games to GI's in every corner of the globe.

From 1921 to 1940, American losses from floods caused damage of about $1,600,000,000.

Villanova Sub Runs 109 Yards

Philadelphia, Nov. 2.—(AP)—Bob Polidor, 160-pound Villanova college substitute halfback, today shares a college record not matched in the last 15 years as the result of his spectacular 109-yard return of a kickoff for a touchdown.

Polidor's spurt equalled the run of Edmund Burke of the University of Mississippi against Alabama in 1931. It came in the dying moments of the first half of last night's game in which Villanova bowed to the University of Miama 26 to 21.

Miami's fullback, Harry Ghaul, booted the kick-off. It sailed deep into the Villanova end zone and Polidor gathered in the pigskin.

Mallets Grab Title In Rock River Loop

Morrison clinched its second consecutive Rock River Valley conference title last night with a 19-6 triumph over Reino Nori's Oregon gridders.

The Mallets now own a 5-0 slate. Amboy, the nearest challenger has a mark of three wins, a loss and a tie. The clubs meet next Friday at Amboy.

Brown raced 30 yards for Morrison's first score early in the initial period. Benson tallied the second TD on an end sweep during the second quarter. And Milne's tally on a pass from Wier in the final stanza cemented things.

Polo moved into a third place tie with Rochelle by blasting Mt. Morris, 33-6. Fullback George Smith rang up four TD's, including a 30-yard dash and a 20-yard pass play.

Runs 98 Yards

Meanwhile Fullback Melvin Meling set a conference record as he paced Rochelle to an easy 28-0 victory at Mount Carroll. Meling picked up a Mount Carroll punt on the two-yard line in the third quarter, circled back of the goal line and swept down the sidelines for a 98-yard touchdown run. He also counted two other six-pointers.

In the Big Eight, East Rockford remained in the title race by blanking East Aurora, 6-0. Bob Bogdonas intercepted an Aurora pass on his five and stepped off 95 yards for the game's only score.

West Aurora tomahawked Elgin, 34-0, racking up all its points in the first two periods. West Rockford squeezed past Joliet, 14-6. And LaSalle-Peru's Cavaliers copped a weird 3-2 decision from St. Bede's in a non-loop affair.

Elsewhere, Champaign's Maroons, top ranking major league team among the unbeaten and untied, won No. 8, 27-0 over its ancient rival, Urbana.

Industry ended a perfect season, taking its eighth straight 7-6 over LaHarpe on the margin of Max Toland's line buck for the extra point. Toland finished the campaign with 158 points, eight more than Dick Wells of Hamilton. But Hamilton has another game to catch Toland.

Moline scalped Rock Island, 19-14. And Streator beat Peoria Manual, 6-0.

A little while before the public burial of the current Dixon varsity, the up-and-coming "Dukelings" battled a big Barb lightweight outfit to a 0-0 draw. The nasty weather preceding the match completely killed the passing game for both clubs, and they slogged back and forth in the mud for four quarters with neither side showing anything near a scoring threat.

Left halfback Gerry Wakeley, a lightning-like runner for the Dukes with a good defensive head to boot, went out of action late in the game with what turned out to be a broken leg, ending his football playing days for this year. His loss to the Coonmen will undoubtedly be felt heavily next Friday, especially on defense, where he has sparkled all season.

Penalties, pass interceptions and fumbles steadily broke up any semblance of drives for each side, and when the final horn blew, neither outfit had been able to dent the other's deep home grounds.

Assault Whips Favored Stymie

Baltimore, Nov. 2—(AP)—Stymie, trying to better Whirlaway's all-time money-winning record, will have to wait awhile longer—he was stymied by Assault and the masterful Eddie Arcaro in the Pimlico special.

With 16,146 fans looking on, Assault, from Robert J. Kelberg's King ranch in Texas, and the crafty Arcaro "stole" $25,000 from Mrs. Ethel D. Jacobs' Stymie.

Assault, making his first trip to Pimlico since May 11, when he won the Preakness to nail down the middle jewel in racing's triple crown, slipped through the rail at the head of the stretch and drove to the wire a six-length victor over Stymie.

J. R. Bradley's Bridal Flower was third and another four lengths in arrears, with Mrs. H. Lebowitz's Turbine trailing the field another length behind.

Banking $25,000 for this winner-take-all classic Assault boosted his earnings to $407,345 to move into fourth in the world's all-time money-winning standings.

Stymie, with all-time earnings of $516,285, didn't pick up a nickel and still is $11,876 short of Whirlaway's record.

Few food plants in Hawaii are believed to be of native origin.

Knicks in Win Over Toronto

New York, Nov. 2.—(AP)—The newly organized basketball Association of America, which made its debut at Toronto last night, has inaugural contests scheduled in three U. S. cities tonight, with detroit, Providence and St. Louis the playing sites.

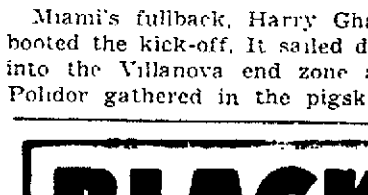

The New York Knickerbockers took the curtain-raiser, defeating the Toronto Huskies 68-66 before a crowd of 7,090 that turned out to see big-time professional basketball unveiled in Canada.

Between 5,000 and 7,000 are expected at Chicago stadium tonight to witness the Stags' opener with the New Yorkers.

At St. Louis, a crowd of 8,000 is anticipated as the Bombers inaugurate the season by entertaining Pittsburgh.

Eight out of 10 housewives in cities buy frozen foods.

Out Our Way By Williams

In Miracle Fall

Complaining only of an injury to his eye, Louis Bueche, Pittsburgh, Pa., window cleaner, is shown in his hospital bed after falling five floors. He landed on a new 1946 car, dented the top badly, but climbed down and walked away. Police ambulance picked him up later, and hospital examination disclosed a fractured spine.

The Auxiliary of the Photo-Engravers' union will have a hobo party Saturday, Nov. 2 at 8:00 p. m. at the town hall. All members of the engravers' union and their wives are invited and entertainment, food and soft drinks will be furnished by the auxiliary.

Mrs. Ida Moore entertained eight ladies at her home on West Hitt street Tuesday evening at dessert-bridge. High and low prizes at contract were awarded to Mrs. L. G. Finch and Mrs. M. C. Small respectively. Others present were Mrs. J. H. Mishler, Mrs. S. L. Althouse, Mrs. Walter Acker, Mrs. W. H. Thomas and Mrs. Cliff Weaver.

Mr. and Mrs. Donald Stengel were the recipients of a surprise shower Tuesday evening when a group of friends and a number of members of the Mt. Morris Rural Youth club gathered at their home north of town. Many useful gifts were presented after which the evening was spent in playing "42."

The annual chicken supper and bazaar will be held at Lighthouse church Thursday evening, Nov. 7. Serving will begin at p. m.

Miss Robena Walters of Savanna will talk on the subject, "Health," at the Mt. Morris grade school Parent-Teacher association meeting next Tuesday, Nov. 5, at 7:30 p. m. in the music room of the grade school. A motion picture will furnish added emphasis to her subject. The Parent-Teacher association awards a book to the class having the most parents present at each meeting. Last month the first grade pupils won the prize, with 11 parents present. A committee chooses the book carefully for the age group that wins it, and it then becomes a part of the permanent library in that room. The teachers and the children derive much pleasure from this friendly contest. Four books were awarded last year, and one will be awarded for every meeting this year. The association feels this plan makes a very worthwhile contribution to the school.

A great deal of effort is being put forth by Mrs. Paul Embick, chairman of the program committee, to make these meetings interesting and instructive. The music room was filled at last month's meeting and the officers are hoping next Tuesday will be as successful. As mentioned above, the meeting begins at 7:30 p. m. and refreshments will be served.

The Sportsmens' club of Mt. Morris will hold a practice shoot on the Bernell Cluts property east of town, on the next two Sunday afternoons.

Mrs. Ira Hendrickson will be hostess to the Current Events club Tuesday afternoon at her home on East Lincoln street. She will also present the program on "Unusual Hobbie."

Library chapter will be observed when the Women of the Moose meet Wednesday night, Nov. 6. Co-worker Olive Anger, chairman of the library committee, is arranging an interesting program which will be followed by initiation and refreshments.

Mrs. Delbert Schell was guest of honor at a dinner at Colonial Inn Tuesday evening at Grand Detour. Guests were members of a birthday club which includes the following ladies: Mesdames Edna Glotfelty, Harold Talbot, Charles Steed, Harold Alters, Ben Colvin, Francis Asp and Miss Alice Dunn.

O. A. Hanke and M. C. Small attended a Blackhawk area meeting for Boy Scout leaders Wednesday evening in Rockford.

Mr. and Mrs. George Nehr are vacationing this week in the southern states.

Day By Day On the Air

by

C. E. BUTTERFIELD

(Central Standard Time)

New York—(AP)—Fred Allen has gone the only way he said he could after topping the Hooper program report for the previous semi-monthly period—down. The latest checkup saw him drop to fifth, as Fibber and Molly shoved back into the lead, which they have held on various occasions in the past.

Reappearance of Bing Crosby in the ratings after starting his new recorded series was another factor affecting Allen. Bing got fourth. Also there was the development that moved Charlie McCarthy to second from fourth, as Bob Hope continued in third.

Bing's high percentage made him the second ABC program ever to get into the first ten, the only other broadcast on that network to land there being Walter Winchell, who this time was sixth. He was followed by Screen Guild Radio Theater, Amos and Andy, and Phil Harris-Alice Fay in that order.

Additions to the Sunday schedule. MBS 2:30 p. m. Crimes of Carelessness, weekly drama designed to promote fire prevention. LIBRARY NOTES

By Joe Langston

If there is a piano in your home the library can add to its use and enjoyment. The world's musical masterpieces of piano literature are included in the new "International Library of Music" which the library has just purchased. Several hundred works by the best known composers are here, bound in permanent form and indexed for quick and convenient use. Many of the compositions edited by Ignace Paderewski are included. There are eight volumes of pianoforte compositions, four volumes on the history of music, the opera, and biographical sketches; and two volumes of study material for grades, 1, 2, 3 and 4.

The present library is the result of forty years of work among musicians and teachers and the editors believe it is one of the finest compilations of piano music ever to be made available. These volumes are available for general circulation on the regular two-week loan basis.

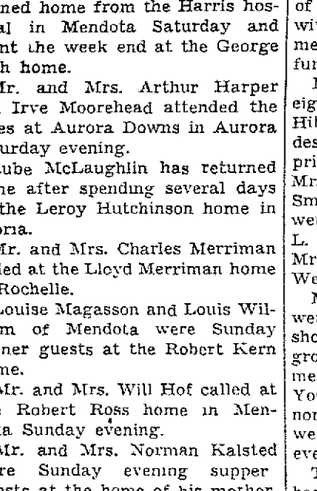

The library staff also suggest the following as a further guide to your enjoyment of music: the eight volume "Scribner Radio Music library," "The complete opera book," by Gustave Kobbe, and the "Borzoi book of Ballets." If your interest is in the composer rather than in the music there is Grove's "Dictionary of Music and Musicians." There are in addition many full length biographies of musicians on the library shelves.

Shall Lee County establish and maintain a health department and levy therefore in excess of the statutory limit, an additional tax of not to exceed one-half mill on the dollar.

YES	X
NO	

We firmly believe in a square deal for every child in our county. The American Legion has always maintained this attitude through its Child Welfare program.

By voting "yes" on Nov. 5th to Continue Public Health Services, our children will have that assurance.
The children of today are our citizens of tomorrow.
They need this health protection.
